OPEN AIR MERCHANDISER

ALPA-36H SS

STEEL CONSTRUCTION

Robust steel construction minimizes the use of plastic materials resulting in an environmental friendly design.

CARE FREE CONDENSER

The finless spiral condenser design prevents dust/dirt buildup allowing maximum long term efficiency.

ELECTRONIC CONTROL

The intelligent temperature control is programmed to ensure the correct operation of the equipment and maintain products at an optimum temperature.

LED SHELF LIGHTING

LED lighting lasts longer than fluorescent lighting, it reducing energy consumption, which generates minimal heat. All of this makes LED lighting great for the environment.

HOT GAS EVAPORATION

Hot gas heated drain pan for condensate evaporation that eliminates the need of floor drains or electric heaters.

NIGHT CURTAIN

30% less energy consumption when closed.

OPERATION TEMPERATURE

33°F to 38°F

*Inches rounded up one decimal place *Specifics may change without notification

CABINET CONSTRUCTION

- High-density, CFC-Free, polyurethane insulation
- Glass side panels
- Manual retractable night curtain for increased energy savings
- Exterior: Galvanized metal cabinet with powder coated painted surface
- Interior: Stainless steel

OPERATING CONDITIONS

- Open Air models should not be installed in any area where the air curtain will be disrupted. This includes placement near any HVAC vent, open doorway, or fan.
- The unit is rated for an environment where temperatures remain below 75°F and humidity does not exceed 55%
- Areas with direct sunlight should also be avoided

SHELVING & Lighting

- Adjustable stainless steel, dual-position shelves with LED lighting

ACCESSORIES

- 6" stainless steel legs

REFRIGERATION

- Maintenance free condenser
- Automatic defrost cycle
- Hot gas heated pan for condensate evaporation
- Electronic temperature control
- Easy to reach components for maintenance
- R-290 refrigerant

WARRANTY

- 3 year parts and labor warranty
- 5 year compressor
